EXPERIENCE

Web & UX/UI Developer Intern

May 2025 — Aug 2025

Ernestwell Business Solutions Ltd — Certificate

Liverpool, UK

- Designed and implemented cross-platform responsive interfaces HTML5, CSS3, JS, improving mobile load speed by 30% and accessibility across 5 devices.
- Spearheaded UI/UX design for a core module evaluated by 10+ testers, resulting in a 25% improvement in user task completion rate and interface responsiveness.
- Collaborated with a cross-functional team of 6 in Agile sprints to deliver UI features, incorporating feedback to improve usability and reduce UI issues.
- Adapted to modern development tools including Windsurf, Cursor, and Vercel within 2 weeks to accelerate deployment.
- Tech:** HTML5, CSS3, JavaScript, Windsurf, Cursor, Vercel, Figma, Agile.

PROJECTS

URIV-GEOSCALE — National GeoAI Engine

Feb 2026 — Mar 2026

Geo-Spatial Machine Learning Platform — GitHub

- Feature Engineering & Spatial Vectorization Transformed 3.8M+ raw OpenStreetMap POIs into structured feature sets, utilizing multi-threaded pipelines 150K+ nodes/sec to enable large-scale urban density and land-use classification.
- Spatial Cluster Analysis & Modeling Applied unsupervised learning DBSCAN/K-Means to a 50GB+ national database to identify infrastructure blind spots and high-activity commercial corridors across six regional datasets.
- High-Performance Inference Optimization Integrated GiST spatial indexing with Dockerized microservices to reduce query latency for real-time geospatial lookups, ensuring model scalability for 20k+ concurrent user simulations.
- Tech:** Python, GeoPandas, Scikit-learn, PostgreSQL/PostGIS, OpenStreetMap, Docker, ETL Optimization.

Examify — AI-Powered Question Generator

Oct 2025 — Nov 2025

NLP-Based Application — GitHub

- Machine Learning & NLP Pipeline Developed an end-to-end AI system using OCR and NLP models to transform unstructured image and text data into structured educational assessments.
- Full-Stack System Architecture Built a scalable Python-based web application featuring modular components for automated grammar correction and dynamic content generation.
- Computer Vision Integration Implemented OpenCV-based preprocessing and OCR to extract high-fidelity text from user-uploaded images, ensuring data accuracy for downstream NLP tasks.
- Tech:** Python, Flask, OpenCV, NLP, OCR, JavaScript.

TRAINING

Data Structures & Algorithms Optimization Training

Jun 2025 — Jul 2025

Hitbullseye & Lovely Professional University — Certificate

Phagwara, Punjab

- Algorithm Efficiency & Complexity Analysis Completed 140 hours of advanced training focused on reducing Big O complexity, mastering Dynamic Programming and Graph Theory to architect scalable software solutions.
- Large-Scale Problem Solving Developed and optimized 200+ algorithmic solutions in C++ and Python, focusing on memory management and high-performance execution patterns suitable for data-intensive applications.
- Technical Communication & Reliability Refined code reliability through rigorous technical dry-runs and logic-mapping, improving the ability to communicate complex backend architecture and algorithmic tradeoffs.
- Tech:** C++, Python, Big O Analysis, Dynamic Programming, Graph Algorithms, Complexity Reduction.

CERTIFICATES

Social Networks — NPTEL — Link

Oct 2025

Master Generative AI & Generative AI Tools — Udemy — Link

Aug 2025

ChatGPT-4 Prompt Engineering: Generative AI & LLM — Infosys — Link

Aug 2025

TECHNICAL SKILLS

Languages: Python, C++, JavaScript, C, Java, HTML5, CSS3

Frameworks: React, TypeScript, TensorFlow, PyTorch, Scikit-learn, Flask

Tools: Git, GitHub, Vercel, Windsurf, Cursor, Bolt, Figma, Docker, PostgreSQL

Core Skills: Data Structures & Algorithms, Machine Learning, Web Development, UI/UX, Agile

EDUCATION

Lovely Professional University

Aug 2023 — Present

Bachelor of Technology — Computer Science and Engineering

Phagwara, Punjab

CGPA: 8.08/10.0

Govt. Model Sr. Sec. School

Apr 2020 — Mar 2022

Intermediate — 12th Grade

Faridabad, Haryana

Percentage: 76%

Govt. Model Sr. Sec. School

Apr 2019 — Mar 2020

Matriculation — 10th Grade

Faridabad, Haryana

Percentage: 88%
